

2018 Post-graduate Program under Ministry of Commerce scholarship in UIBE

I Introduction to UIBE

The University of International Business and Economics (UIBE), situated near the Olympic Business Center of Beijing, was founded in 1951. UIBE is a national key university under the leadership of the Ministry of Education and the Ministry of Commerce, and is one of the first batch of universities to be included in "project 211", also participated in the "Double-First Class" initiative.

UIBE pursues to be an outstanding national university and a prestigious international university with its distinct characteristics. UIBE has already become a multi-disciplinary university specialized in the fields of economics, management, liberal arts, law and science, and competitive in the subjects such as international trade, international law, finance, business management and foreign languages. UIBE is the first university in possession of both Chinese and English instructional systems at the undergraduate and postgraduate levels. At present, the university offers nearly 84 majors to overseas students of bachelor, master and doctoral study. Among them, 29 majors are offered entirely in English. UIBE is at present the only economic university in China which has been granted with four accreditations as EQUIS, AACSB, CAMEA and AMBA. In terms of AACSB, we are the first entitled university among the "project 211" institutes. Being the only university with "Career Advisory Center" for International students, UIBE has established cooperative relationships with over 100 famous enterprises. In 2017, we ranked the 1st on the ratio of currently studying International students to Chinese students among all China universities, the 2nd place in employment rate, 1st place in the terms of payment increase for graduates, and 1st place on the rate of Chinese graduates studying abroad. In the 2017 ranking of "China's Best Universities" held by Shanghai Jiaotong University, UIBE ranked the first place among multi-disciplinary universities.

UIBE has a total enrollment of around 16,000 full-time students including more than 3,300 international students from 162 countries. As always, UIBE students are widely welcomed by society for their sound professional knowledge and skills, strong linguistic ability, active thinking and rich practical experience. UIBE graduates have been mainly employed in government departments, multinational corporations, financial sectors, large-scale foreign trade corporations and commercial institutions stationed abroad. They are playing an important role in promoting global economy and social development.
